

# How to View Status of a Bank Application in Desktop/Hosted

Tue, Oct 25, 2022 [Desktop Program](#), [Hosted Program](#)

To view the status of a bank application in the software, the following steps are provided:

1. From the "Work In Progress"(WIP) screen, click on the **Quick** button.
2. The **Query Return Status** window opens. Enter the desired **Last Name or SSN** and press the **Search** Button.
3. Click on the **Bank Application Tab** to view the bank application status for the return.
