

Verify Error: Bookmarks Missing in Return Errors and Rejects Window

Fri, Oct 29, 2021 [Desktop Program](#), [Error Message](#), [Verify Errors](#)

Verify Error populates regarding Field Entry Bookmarks

When you click **Verify** to check a tax return for errors, **Bookmarked** fields do not appear in the "Return Errors and Rejects" window.

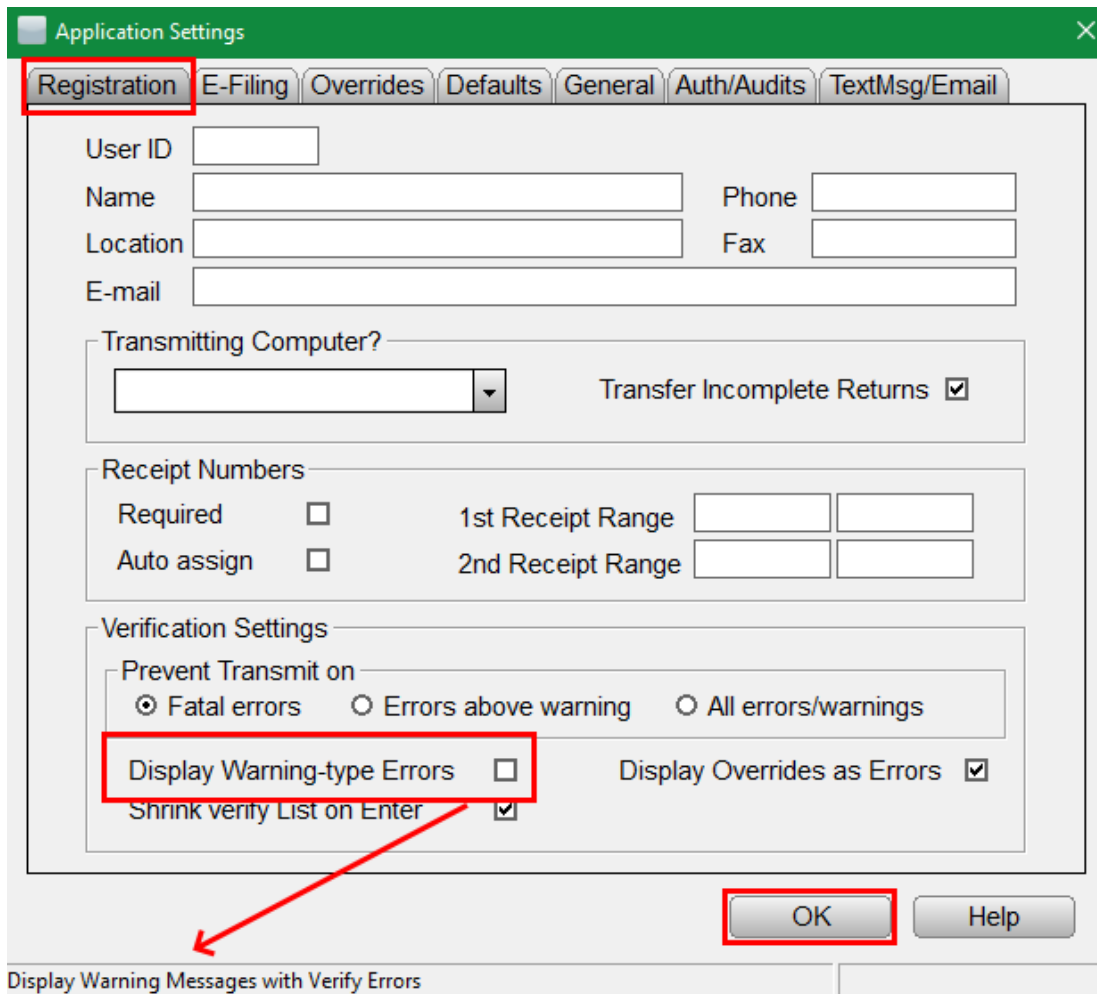

In most cases, fields that contain a **Bookmark** will appear in the "Return Errors and Rejects" window.

The program has not been configured to display **Bookmarks** when you run **Verify**.

RESOLUTION STEPS

1. Go to **Setup > Office Setup > Registration** tab
2. *Uncheck* the **Display Warning-type Errors** within the box.
3. Click the **OK** button and verify again within the return.
